## Film Characteristics

### No Ice & Bacteria

Eliminate the need for ice and reduce bacterial risks with Peelon-Fresh films, enhancing hygiene and safety in produce handling.

### Breathable

Our films allow optimal gas exchange to keep produce fresh and prevent spoilage.

### Customizable

We provide customizable film sizes to fit any produce, ensuring a perfect match for various shapes and sizes.

### Temperature

Our films withstand both cold and hot temperatures, preserving produce quality throughout transport and storage.

### Shelf-Life

Peelon-Fresh films extend produce shelf life by up to 3x, reducing food waste significantly.

### Biodegradable

Our films are fully biodegradable, providing an eco-friendly packaging solution with minimal environmental impact.
